## Features & Benefits

Pollak has been providing innovative designs and high-quality parts to the OEM and Aftermarket Heavy Truck, Off-Road, RV, Marine, Industrial, and Towing Industries since 1909.

- Unique Interior Design Eliminates Shorting Out Non-Corroding, Shock-Resistant Interiors With Unique Terminal Reinforcer Dams That Eliminate Short Circuiting By Preventing Contact From Spreading.
- Our Trailer Connectors And Accessories Feature A Robust Design For Installation Confidence In Every Box
- With industry leading expertise, when original equipment fails our products are designed to fix the inherent failure issues
