Extrication gloves with TPR impact protection and a waterproof, breathable Hipora® barrier

- **Specialized protection:** RINGERS® R327 extrication gloves feature a patented TPR (thermoplastic rubber) design, developed with F3 Technology™, for assured impact protection
- **Added defenses:** These RINGERS® gloves' breathable and waterproof Hipora® barrier guards against micro-organisms like TB, hepatitis, staph and HIV, meeting O.S.H.A. standards for blood-borne pathogen protection
- **Heightened mechanical protection:** A cut-resistant, highly durable palm - coupled with robust thumb and side panels - ensure long-lasting hand protection
- **Enhanced features:** Their high-visibility external surface, with reflective markings, further improves hand safety, while an extended cuff design with gaiter closure ensures these impact gloves can keep out debris

Industries

- Mining
- Oil and gas
- Emergency Medical Services

Applications

- Rescue extraction from confined spaces
- Operating of heavy machinery
- Crushing and unloading ore
- Shipping and loading of product
- Vehicle Maintenance
- Equipment maintenance Scaffolding Pipe handling and insulation Plumbing and sand blasting

R-327
