**SHO-ME** ®

MODEL NO. 11.8000
Dash Light

GENERAL INFORMATION:

The LED Dash Light features two switches, Power- ON/OFF and Mode to select the flash pattern. When selecting a flash pattern hold mode button down until flashing stops, then release for next flash pattern. When the power is turned off then back on, the LED Dash Light will resume the exact flash pattern as before power was interrupted. The LED Dash Light has seven flash patterns to choose from:

1. 90 Single Flashes per minute
2. 90 Double Flashes per minute
3. Quad Flash
4. 120 Alternating Flashes per minute
5. Automatic Alternating Variable Speed
6. Automatic Simultaneous Variable Speed
7. Automatic Random Select

INSTALLATION INSTRUCTIONS:

For your convenience, there are four types of mounting brackets that are available. Choose a bracket and mount inside the windshield area or rear deck area. Mount the LED Dash Light, then connect to lighter or accessory outlet.
